

The Inaugural COJGA Classic is an event held at Broken Top Club with proceeds going to Central Oregon Junior Golf Association. This tenured organization has been providing meaningful life experiences through the game of golf in Central Oregon since 1993. The funds raised this year will help support initiatives to get clubs in more kids' hands that have barriers accessing organized recreation including golf. We have targeted 5 communities (Madras, Prineville, La Pine, Redmond and Bend) to offer FREE GOLF days this summer. Anyone will be able to access complimentary registration and be exposed to the wonderful game of golf in these community-centered events. The goal is that these events will help motivate children to take up golf and eventually play with their peers in COJGA events and beyond.

Below you will find several different opportunities to help make our vision a reality and get clubs in more kids' hands so they can embark on the lifelong journey that is golf!
